

Microbiology

This page is subject to change as courses are added, cancelled, or adjusted.

Courses with the statement 'Will Require a PERMIT' next to them will require you to [submit a permit](#) in order to register for the course.

Please keep in mind, other courses may still require a permit if there is an error in the system out of our control.

Spring 2023 Classes

Substitution Course:

Instead of MCB 4115/L, Microbiology students will take BSC 4933: Medical Bacteriology and its corresponding lab.

Students who have already completed MCB 4115/L cannot use this course toward their major.

Please note the Medical Bacteriology Lab is only offered in the fall semester.
